EDUCATED PATIENT[®] SUMMITS

Upcoming Events

CURE[®]'s Educated Patient[®] Summits are half-day virtual events seeking to update, educate and inform the thinking of patients with cancer, as well as their caregivers and advocates. The programs are designed to represent every demographic of patient and all stages of cancer. Depending upon cancer type, agenda topics presented by specialized cancer doctors and patient group leaders may include diagnosis, treatment options, genomics, long term effects, clinical trials, and much more.
